

Join Brian and the Huron Scuba Travel family for another awesome adventure with a splash – in Curacao, diving, snorkeling, ocean-side tanning or finding your own way to enjoy a well-earned **vacation**.

After our advanced recon team (Brian and Bart) reviewed numerous options in-person last year, we have decided to stay with our friends at **LIONS DIVE BEACH RESORT**. **Lions Dive** is a one of the top-rated places to stay year after year and is also sure to please our non-divers with a great private beach, an amazing pool, a short walk to bars, restaurants and even an outdoor shopping area. **Ocean Adventures Dive Center** is on property so our divers will be in for top rating diving from their boats in the morning and house reef in the afternoon.

This trip includes unforgettable all-day, all-night diving, with 2-tank boat dives in the morning and unlimited shore diving in the afternoon, evening and night. The protected house reef with easy shore access is perfect for training, so if you would like to finish a class or make some progress on your Divemaster training, this is the trip to join.

Downtown Curacao is easily accessible by taxi, has lots of shopping, outdoor and indoor restaurants and patios, the famous swing-bridge is a must see as well as the two opposing forts on either side of the bay. Sitting waterside for something to eat and drink and watch the afternoon pass you by is a great option as well, and easily done in downtown Willemstad.

Walkable to a fun night life with restaurants and bars, the evenings are memorable above water and below. Huron Scuba past team member James G. is also on island working as a dive professional now, so we plan on having him join us to show us some of the lesser-known fun spots as well.

Get More out of your Diving Vacation: Nitrox, DIVEMASTER, Night Diver, Underwater Navigation, Boat Diver and just about any other course you can think of are available on this trip through Huron Scuba’s own professional team. **Have a non-diver who is ready to get certified?** Complete the class and pool training in Ann Arbor and then **finish certification dives in Curacao and keep diving with us on this trip!**

Package includes: 7 nights’ accommodations, airport transfers, buffet breakfast, **6 morning 2-tank boat dives, unlimited shore diving – NITROX IS INCLUDED FOR ALL HURON SCUBA DIVERS.** **Not Included:** Airfare, Lunch/Dinner, Drinks, Tips
